To support your success, we have an outstanding academic plan & Annual Pedagogical Plan to provide the best education practices. In BPS we are also encouraging to take advantage of the resources available, such as our library, technology centre, and after-school programs etc. AS per the NEP / NCF, the Foundational Stage refers to **children in the age group of 3 to 8 years**. This is the first Stage in the 5+3+3+4 Curricular and Pedagogical restructuring of School Education as envisioned in NEP 2020.

In addition to academic success, we also place a strong emphasis on building character. Our school values of respect, responsibility, and excellence serve as a guide for how we interact with others and approach our work. Our focus is to embody these values in our daily lives and to be good role models.

Finally, I want to stress the importance of communication and collaboration. Communication and collaboration are key to our success.

In conclusion, I am excited to welcome all of you to the new academic session and look forward to working with all students and parents to achieve full potential. Remember that education is a journey, not a destination, and that with hard work, perseverance, and a growth mindset, our students can achieve anything they set their mind.

Thus, let us resume our academic year at school with hopes and dreams that no matter how limited we might be, we will do our best to achieve what we call dreams/ vision/goal.

Our main task for this year is, “Promoting Excellence Through Determination and Hard work”. Let’s make this school year your best year ever as a student.

Sincerely
